Stage 4 Water Rationing Continues

The City of Shenandoah remains in Stage 4 Water Rationing.

The Water Department is continually evaluating the levels and performance of the wells as well as the demand upon the water supply.

However, The Water Department expects to make a recommendation to Council for their consideration and approval at the 11 JUNE 2024 Council Meeting.

Citizens should be aware that the entire City remains under Stage 4 Water Conservation until further notice. The ordinance can be found on the City's website - <https://shenandoahiowa.net/>
